Bus Stop Location

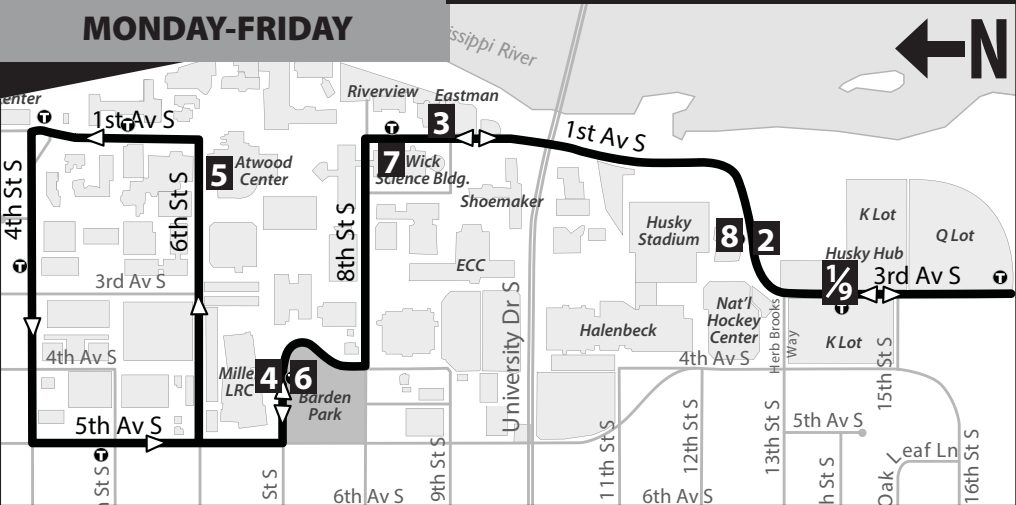

Timepoints

Direction of Travel

Timepoints are select bus stops marked on maps & schedules. They are assigned specific times to help you know when to catch the bus. Buses do not automatically stop at timepoints; if a bus arrives at a timepoint before the published time, the bus will wait at that location until the marked time to stay on schedule. When bus service is every 10 minutes no timepoint times are published. Bus will run continuously.
